— 2022 — ANNUAL REVIEW

MISSION STATEMENT

The Horizon Council is the voice of business in Lee County. The Council's mission is **to improve Lee County's business environment, retain and encourage the expansion of existing businesses,** and attract new and diversified employers.

LETTER FROM THE 2021/22 PRESIDENT

Turning the page... Global Pandemic. Multiple Hurricanes. Politics at a new level. Overwhelming growth of our region. Watching friends and family struggle as well as succeed. Knowing the landscape of the county I call home will never be the same. Amazing successes for our business community along with countless new friends, clients, associates and fellow community stewards. All of this during my six years as a member of the executive leadership of the Horizon Council and Horizon Foundation. And, culminating in my 27-year journey as the Susan Lucci of the Industry Appreciation Awards, with a win as Small Business of the Year!

Because of our strategic partnership with Lee County Government, the Economic Development Office, the Industrial Development Authority (IDA) and the Horizon Council, as well as the compassion and resilience of the people in Lee County, we were able to come together as a business community to meet our community's most immediate needs in the wake of multiple hurdles thrown our way. Now, as we refocus, reconnect and rebuild, we continue to look to the future of Lee County as a diverse, sustainable, and competitive business community that fosters the prosperity of existing organizations, attracts new enterprises, and encourages entrepreneurship.

It's been one helluva a fun ride. Looking forward to seeing what the next chapter brings.

Respectfully Submitted,

Christopher T. Spiro
Horizon Foundation President
Chief Creative Officer
Spiro & Associates – A Brand Architecture Boutique

MESSAGE FROM THE HORIZON COUNCIL 2021/22 CHAIR

Here we are in a much different world than when I stepped in as 2022 Horizon Council Chair last January. I listened to what our business community needed with a clear vision and plan for the year ahead. We worked with our Board of County Commissioners, strengthening the public-private partnership, which is so unique. Lee County came out of the pandemic strong, solid and thriving. Then came Hurricane Ian. The word “pivot,” used frequently during the pandemic, has now turned into words like

response, recover, reconnect, rebuild and most importantly, community.

Together, we continue to prove that our community is stronger than any storm. The steadfast working relationship with Lee Board of County Commissioners, the Horizon Council, Horizon Foundation, and the Economic Development Office is one of our most valuable assets. The unwavering commitment to our shared mission to invest in the long-term vitality of Lee County, its businesses, and its residents has been instrumental as we improve, expand, fortify, and diversify the economic environment in our area.

Thank you all for being a vital part of our long-term recovery of Southwest Florida. We see the very best come out in communities faced with unprecedented hardships. We see that strength and unity in Lee County every day. I could not be more optimistic for Lee County and the opportunities we have ahead of us.

As I move into my position as your Horizon Foundation President, I look forward to continuing my commitment to growing the Lee County Business Community. Our future is incredibly bright!

All my best,

Holly D. Smith

Holly D. Smith

2021/22 Horizon Council Chair

Principal, Gumbo Limbo Management and Development, LLC

Mayor, City of Sanibel

MESSAGE FROM THE LEE COUNTY OFFICE OF ECONOMIC DEVELOPMENT OFFICE DIRECTOR

In my letter last year, I ended by saying that I knew that because of the support of partners like you, the backing of our Lee Board of County Commissioners, and the exceptional guidance of the Horizon Council and the Horizon Foundation, Lee County’s economic prosperity could only grow stronger. That remained tried and true this past year in more ways than one.

Through perseverance, leadership, and hard work, Lee County’s economic recovery after the pandemic continued to grow significantly. That growth opened the doors for new business opportunities and reinforced our investment in our community. But with all opportunities come challenges, and Hurricane Ian was one of the greatest challenges we have ever seen.

Because of the strength of our partnerships, cities and communities, businesses and organizations, our economy remains resilient and is still poised for impressive growth over the next 10 years. And after witnessing the tenacity and fortitude of our community over the past few years, I am enthusiastic about the new possibilities and opportunities this next year will bring.

Sincerely,

John Talmage

John Talmage

Director of Lee County Economic Development

* FY ending in column year

THE VOICE OF BUSINESS IN LEE COUNTY

Our Goal: Reach out to businesses, governmental entities, and other community partners to develop open lines of communication related to economic development throughout Lee County.

We Represent: Local municipalities, chambers of commerce, trade organizations, and community, business and educational organizations.

After an up and down year, Lee County is still poised for growth.

The first half of 2022 saw continued growth in residential and commercial development. Residential development grew steadily with over 65,000 new single-family sites approved for development. The commercial sector had solid growth in 2022 as well with over 2.4 million square feet developed and a very strong pipeline of over 20 million square feet of future projects.

Hurricane Ian dealt SWFL Florida a devastating blow in September with wind and flood damage throughout Lee County with the barrier islands taking the brunt of the impacts. While Lee County is five months post-storm, progress remains underway. This is more than just debris removal but restoring people to their communities again. The area was hard hit, but the ability of local, state and

federal agencies to collaborate allowed the infrastructure to be restored at a historic pace.

Since the storm, businesses from both within and out of the state continue to seek locations in Lee County and it is incumbent upon the Horizon Council, Lee County Economic Development Office and Horizon Foundation to work with these businesses to help them understand local building codes and other regulatory restraints that can assist these businesses in building a more resilient presence. The strength of the local market, the productivity of Lee County's workforce and the business friendly regulatory and tax environment combined, make Lee County an ideal place to operate.

The expansion taking place at RSW will create an even friendlier atmosphere for visitors to the Lee County community. The addition to the

LEE COUNTY
is ranked
No.8
in "Places with the Most
Incoming Investments" in Florida.

terminal, along with new restaurants and other amenities, will make RSW a premier destination for vacationers and business travelers alike. In 2023, RSW was named the #1 airport in the U.S. by Travel Lens and is the #1 destination for holiday travel in the U.S. Most importantly, regardless of being shut down for several days due to a major hurricane, RSW still experienced a record 10.3 million passengers in 2022.

Local Fortune 500 companies are also experiencing tremendous growth. Both Hertz and Chico's FAS continued to recover and make additional investments during 2022. Also of note is the fact that Lee County still ranks in the top 10 in SmartAsset's list of "Places with the Most Incoming Investments" in Florida. The unemployment rate in September

of 2022 was 2.6% and regardless of an uptick post-hurricane to 4%, Lee County's unemployment rate was back down to 2.9% by December 2022.

There are many opportunities and challenges before us and Lee County. The Horizon Foundation and the Horizon Council are aware of the challenges ahead. Some of these include:

- Workforce Development
- Workforce Housing
- Business Recruitment
- Ongoing Hurricane Recovery

The Horizon Council and Horizon Foundation will continue to be the voice of business in Lee County and advise the Board of County Commissioners on matters most important to the local business community. We can't underestimate the importance of continuing to work with our education providers to ensure development of local talent. Finally, we must take every chance possible to show the world that we will take advantage of post-storm funding in order to come back stronger as a business community in the wake of Hurricane Ian and we will also work hard to once again become a premier destination for leisure travel.

PRESIDENT'S CIRCLE

We would like to take a moment to thank every investor for the success of this year. Featured here are the incredible companies that have offered their continued support to expand, grow, and aid the Southwest Florida Region.

If you would like to become one of our featured investors, please contact **Bill Johnson** at bill@horizon-foundation.com or **239.533.6806**.
